A Well-Merited Compliment.

A correspondent of the Macon Telegraph and Messenger, writing from this city, pays the following graceful and justly-merited compliment to our esteemed fellow-citizen, H. I. Kimball, Esq., and speaks in terms of high praise of the magnificent hotel now being erected in this city by that gentleman, and which will be a lasting ornament of the Gate City. The writer says:

"The plans and elevation of the magnificent hotel with which Mr. Kimball intends to supplant the old "Thompson's" have not, I understand, been submitted to the eye of the public, but enough is known to give the assurance that there is nothing now existing in the South, out of New Orleans or Louisville, that will at all compare with it. The remarkable talent which Mr. Kimball unquestionably possesses for the internal and commodious adjustment of the various parts of a great building gives assurance that when this great hotel is completed, that for comfort and convenience, nothing will excel it in the South.

"Mr. Kimball is a thorough gentleman in all his deportment, has nothing to do with politics, and is pursuing a course here that, with all parties among honorable men, is rapidly making him one of the most popular men in the city. Out of a family of six, brothers not one was ever a politician; the Democrats claim four, and tendered one of them the nomination for the Democratic candidacy for Governor of Maine, which he declined.

"They all speak of making Georgia their future home, and if they are like H. I. Kimball, we will open our arms and hearts as wide as the gates of the East to make them welcome.

"Yes, let the Kimballs come—let them come with their energy and strong purpose. Let them choose a lot for weal or woe among us, and in electing a common fortune with us, unite in a common brotherhood. Men of great soul can't be long in learning the good points in each other's nature, and the day that finds the North and South and West mingling their energies and sympathies together, will usher in a Union stronger than one made of either chains or parchment—a Union of hearts firmer than adamant."

That Funny Man Rufus—How a Rose by any Other Name Don't Smell as Sweet!

Editors Constitution: I have before me a printed pamphlet, entitled "Georgia before the Senate Judiciary Committee, Washington, D. C., February 7, 1870." It is no lying document, having its origin in the wild brain of some reckless rebel, for it came to me through the loyal post-office, in an elegant envelope, so stamped as at once to preclude the possibility of its having been sent to me elsewhere than from the Executive Department of Georgia. I am particular in making this statement, not having about me, at this writing, loose change amounting to $25,000; hence, it becomes me to be well fortified by an official document in anything I may say.

This pamphlet proposes (any phrenologist would find my bump of "caution," at this moment, as large as a hen's egg, and thus I say *proposes,*) to give the arguments used on both sides when the little matter of Georgia was being investigated before the committee as aforesaid. It appears, on page 18, that Mr. Bryant had the floor, (in the committee room,) and in the course of his remarks charged that "General Terry had organized a military commission to inquire into the eligibility of the members of said General Assembly, and that it was ordered by said commission that certain members should not participate in the proceedings."

This was touching a sort of sore place, and Mr. Bryant was interrupted in this wise:

"Governor Bullock—I would beg leave to interrupt you a moment. I think, in making use of the term military commission, you do a very great injustice to General Terry. It is well known by everybody that it was simply an advisory board of officers, convened for the purpose of inquiring into the facts, and in no wise a military commission."

Now, this nice "distinction without a difference" is one of the very best jokes ever perpetrated by his Excellency, and it is said by outsiders that the learned gentlemen composing that Senate Judiciary Committee had a big guffaw over it the next day; and, that army officers in Washington and elsewhere said it was *huge!* And that Jomini, in dying at the time he did, was debarred the privilege of using that splendid idea of an "advisory board of military men," in some of his military books!

Advisory! and yet the issuance of an arbitrary order, (No. 10, January 25,) as peremptory as any *ukase* of the Czar of Russia, followed that mild, cooing-dove "advisory" amusement; and three men (Donaldson, Taliaferro and Nunan) were positively prohibited from taking their seats, and sixteen others decreed ineligible without any evidences other than that they had *failed* to take the oath. And here it will be remembered that the learned opinion of the Attorney General of Georgia had its effect in delaying perhaps the majority of that sixteen, and ere a decision had been arrived at in their own minds, they were nipped as by frost with the mild effects of that innocent "advisory" business.

Sir, I can liken the child-mannered proceedings referred to by our humorous Governor only to a species of "advisory" transaction sometimes occurring on the highway. If it is less harsh than the gentle accents of "Your money or your life," I utterly fail to perceive it. That was, indeed, an excellent joke of Rufus'; and when he gets his negro militia into operation we may look for some more soft, zephyr-like advisory board manipulations.

(PRIVATE TO THE EDITOR.—If my name is called for, that a $25,000 suit may be commenced, please say that I left last evening, to be absent for an indefinite period.)

BLACKING.—Here is the very latest Internal Revenue decision. We call that getting the thing down very fine:

Boot-blacks are required to use their blacking just as they find it when the box is opened, adding nothing to it whatever. The act of spitting in the box and smearing the contents with the brush, constitutes the boot-black a mixer, or rectifier, or manufacturer of blacking, and he must pay the ordinary manufacturers' license.

☞ In the Idaho penitentiary the prisoners occupy their time with bible classes, whereupon a local paper says that the "moral atmosphere inside the walls is of a far higher tone than that of the rest of the territory."—*Exchange.*

That is no doubt the reason why Bard declined. He is particularly pious, and fears he might have to go to the penitentiary for congenial company!

☞ The public reading rooms instituted in Boston for the use of women have proved to be failures. The young ladies had rather go to the theater or a concert.

Twenty thousand dollars are involved in the Huff will case now being tried in the Superior Court at Columbus.

Huff to propound, in solemn form, the will of his father, Daniel Huff, which, after a suitable provision for the widow, a second wife, left the propounder and his children sole legatees, to the exclusion of the other two children The principal ground set up by caveators resisting the will, were false representations and fraud, and under influence upon the part of the propounder in procuring the will to be made.

It is presumed that the will will be set up.

In the Superior Court in Savannah, the case of Wm. M. Davidson, et. al., complainant, vs. James J. McGowan, Tax Collector, is being tried. This is a bill for injunction, restraining the said Tax Collector from collecting the tax of 3-10 of 1 per cent. on the value of liquors sold in 1868 for that fiscal year under the act of 15th December, 1866, providing for the collection of said tax, and also from collecting the specific tax of 20 cents per gallon on liquors sold between the 1st of January and 18th of March, 1869, under the act of the Legislature, approved March 18, 1869. The case came up on motion of A. W. Stone, representing the State, to dissolve the temporary injunction granted. The Savannah News says the case is one of considerable importance, and involves some very nice legal questions.

A WEALTHY LOCAL EDITOR.—We are glad to know that there is one wealthy local editor in the world. According to his own figures, the local editor of the Hannibal Courier is the wealthiest newspaper man in the West. ☞ Libel suits against newspapers very seldom pay well. The latest proof of this occurred in Davenport, Iowa, on Saturday, connected with a suit against the Democrat of that city, by one Thomas J. Flake, Treasurer of Scott county, who laid his damages at the modest sum of $150,000. The defendants admitted that the article published by them, on which the complaint was founded, was libelous, but pleaded justification and mitigation of damages. The jury seem to have gone very strongly for mitigation, as they returned a verdict of "damages one dollar!"—*Boston Times.*

The Protestant Ecumenical.

The Evangelical Alliance, under whose auspices it is proposed to hold in this city during the coming fall a sort of Ecumenical Council, in rivalry of, if not in opposition to, that of the Vatican, is a voluntary organization, embracing members of various Protestant religious denominations. They came together ostensibly to effect certain objects held in common by all, at the foundation of which lies the promotion of what the Alliance assumes to be evangelical religion, in contra-distinction to Roman Catholicism, acknowledged irreligion, atheism, and infidelity. But in defining what constitutes evangelical religion the Alliance trenches on dangerous ground and discloses the weakness of its bond of union.

The Alliance is based on what is supposed to be the *consensus* of the various confessions of faith adopted by different Protestant denominations mutually recognizing each other as evangelical. This summary was originally adopted in London in 1640. It embraces the following cardinal principles:

I. The divine inspiration, authority, and sufficiency of the Holy Scriptures.

II. The right and duty of private judgment in the interpretation of the Holy Scriptures.

III. The unity of the Godhead, and the Trinity of the persons therein.

IV. The utter depravity of human nature consequent upon the fall.

V. The incarnation of the Son of God, His work of atonement for sinners of mankind, and His mediatorial intercession and reign.

VI. The justification of the sinner by faith alone.

VII. The work of the Holy Spirit in the conversion and sanctification of the sinner.

VIII. The immortality of the soul, the resurrection of the body, the judgment of the world by our Lord Jesus Christ, with the eternal blessedness of the righteous, and the eternal punishment of the wicked.

IX. The divine institution of the Christian ministry, and the obligation and perpetuity of the ordinances of Baptism and the Lord's Supper.—*N. Y. Sun.*

MESSRS. CRAWFORD & WALKER, West Point, Ga. Gentlemen: Having witnessed almost daily, for the last fifteen years, the great efficacy of the preparation you are now putting up, known as "Abbett's Medicine," it affords me pleasure to state that I know of no combinations or preparation equal to it in the treatment of Liver Diseases of whatever character, and would cordially recommend it to all who are suffering from derangement of the Liver, and especially the Dyspeptic.

MESSRS. JACOB LIPPMAN & BRO., Savannah, Ga.:

GENTS: I have before me your esteemed letter of the 14th instant, containing various documents relative to your "German Bitters." After a careful examination, I must confess that your Bitters is really what you represent it to be, an old-fashioned recipe of Dr. Mitscherlich, of Berlin, Prussia. It will, no doubt, be excellent for Dyspepsia, general debility and nervous diseases, and it is a good preventive of Chills and Fevers. I find it to be the most delightful and pleasant stomachic.

ATLANTA, GEORGIA, MAY 29.

Supreme Court Decisions.

A few pamphlets left of the above. Lawyers, send in your orders to this office.

☞ We would respectfully suggest to Governor Bullock that if he don't appoint a Judge for this Circuit, that $25,000 suit never will be tried.

That Libel Suit.

THE ATLANTA CONSTITUTION is ventilating Governor Bullock. No wonder that worthy so sedulously absents himself from the State. If only half is true that THE CONSTITUTION says, it will require thrice $25,000 to plaster his character.—*Rome Daily.*

Suit for Libel.

Governor Bullock filed a suit against THE ATLANTA CONSTITUTION, for libel, on Wednesday, the 11th instant, laying damages at $25,000.

We have discovered no signs of fright on the part of THE CONSTITUTION, and the managers of that paper show a willingness to be held fully responsible for anything published in its columns.—*Dawson Journal.*

The Bullock Wants More "Roughness."

Sleek, fat Governor Bullock, after having filched what he could from the State Treasury, has determined to replenish his purse with CONSTITUTION money. Whether this is all for effect, or whether he is really hard up for cash, is more than we can say.

But that which gives the whole matter the appearance of a ridiculous farce is, that his bovinity feels himself aggrieved and his character traduced. What nonsense! How ridiculous!—*Dalton Citizen.*

Bullock and His Assassination Humbug.

In Bullock's pamphlet reply to the Senate Judiciary Committee report occurs the following:

"For two years in Georgia I have been pursued by threats of personal violence and assassination, and, during that period, my friends have believed that my life was in danger."

The Savannah Republican, of the 27th, characterizes this statement as an infamous falsehood and slander upon the people of Georgia—utterly false in letter and spirit.

We fully endorse the statement of the Republican, and believe that there is not an honest man, Democrat or Republican, in the country who credits in the least the buncombe statement made by Bullock.

The Fenian Fiasco.

The Fenian invasion (?) of Canada resolves itself, according to all advices on the subject, into a very small tempest in a teapot. The mountain, after much labor, has again brought forth a mouse, and the Fenians have added another chapter to the world's chronicle of Quixotic follies.

After such repeated and most ridiculous failures on the part of this mad-cap organization to possess itself by force of arms of the Dominion of Canada, against the wishes of its own people, and contrary to the laws of nations and the laws even of common sense, we trust Fenianism will hide its diminished front forever, and retire to the shades of oblivion to which a disgusted public has long since mentally consigned it.

The prompt action of the U. S. Government in thwarting the insane schemes of the Fenian leaders, and to prevent the violation of a sacred treaty of peace with a friendly Power, meets the hearty approval of every good citizen, and it is to be hoped that the prompt and decisive action of our own and the Canadian government will not only scotch but effectually kill, for all time to come, this green snake of Hibernian extraction which has of late wriggled itself into existence on American soil.

EVERYBODY TIRED OF BULLOCK—HIS EXTINCTION DEMANDED—The New York Commercial Advertiser, a Radical journal, thus notices our troublesome Governor:

The people of the United States are just about sick of the name of Bullock. One can't read anything from Georgia which is not coupled with Bullock. Washington has had such a dose of Bulleck that if somebody would only extinguish Bullock, we dare say the capital would cheerfully take up a subscription for that "somebody" as a national benefactor. A Senator remarked last week that Congress had "Bullock on the brain, and that Bullock had Congress in his breeches pockets." The idea is a little mixed, but 'twill do to express the general feeling upon the subject of Bullock. It is said that Bullock has gone to Georgia and will break out afresh in that State. This makes us wish that there were no such things as newspapers, post-office, or telegraph stations in Georgia. What candidate for a glorious immortality will take this Bullock by the horns and give him his quietus? The people are yearning to erect a national monument to somebody, and the man who will expunge Bullock is the man they want.

The French Demi-Monde in Prison.

The following is the treatment to which obstreperous prostitutes are submitted at the female prison of St. Bazare, near Paris: They are at first, after arriving at the prison, washed and bathed, and have to exchange their filthy clothes for the rather repulsive-looking prison uniform, which conceals even the beauty of very handsome women. They are then numbered and taken to a cell in the lowest tier of the prison; in that cell they are left alone for eight days, and they receive no visitors except the matron, who brings them their food, and the prison almoner, who exhorts them every day for half an hour, and, if they are able to read, leaves them a few tracts to peruse. During these eight days they receive little food—in the morning a cup of milk and a slice of bread; at noon, bean soup and a slice of bread; and for supper, the same food as for breakfast. This treatment breaks most of the girls, and at the expiration of the eight days, they are, with few exceptions, so penitent that they will gladly do anything the prison authorities ask them to do. The truly penitent ones are then brought into the second-class cells, where they receive better food than below—coffee in the morning, at noon a slice of meat to their soup, and soup and bread in the evening. For ten hours they have to work with the other second-class prisoners in the Salle des Travaux, under the surveillance of matrons. Conversation is strictly prohibited, but the matrons read to them from moral and instructive books. Twice a day they are marched down to the court-yard, where they promenade in the military step—a very curious spectacle indeed. At the slightest infraction of the prison discipline they are sent down again in to the lower cells, or, in cases of gross disobedience, put for hours into revolving cages. Those who behave remarkably well are sent to No. 1 cells, but are allowed all day the freedom of the prison, and they have only to perform light housework. It is said that very few of the prisoners remain for a long time in the third-class cells, and that fully one-half of them, after being released from St. Lazare, do not return to their former vicious life, but become useful and respectable members of society.

A Point of Church Etiquette.

The Southern Methodist Episcopal Conference have decided unanimously against reuniting with the Northern branch. This determination will be less disappointing to the Northern Methodists than if an opposite course had been expected by them. The proposition made by the Northern conference was of a character that evidently anticipated rejection—if it was not put forward expressly to be rejected. Judged by those rules of etiquette which apply as fully to religious as to secular matters, the offer of the Northern commissioners could not have been accepted without some humiliation and loss of self-respect upon the part of the Southerners. In declining it they but acted as the dignitaries of any church in the world would act under like circumstances. The instructions given to the commissioners from the Northern Conference directed them first to "confer with the latest commission from the African Methodist Episcopal Zion Church" with a view to a union, and afterwards to negotiate with "similar commissions from any other Methodist Church that may desire a like union." The colored Methodist Church is here mentioned by name and put first as the principal object of Northern solicitude, while the great Southern church of the same denomination is only hinted at in language which could not fail to be construed in the South as an intentional slight. Had the Northern branch intended their overtures to be rejected, they could not have phrased a set of instructions more directly calculated for that end. The Memphis Conference could not but regard it even as something more than a breach of etiquette. They could not but feel aggrieved that the N orthern church should seem to desire to effect a union with the colored church south to the exclusion of the great Southern branch. To the latter it appeared, as a matter of course, as if the Northern Methodists were trying to break up the fraternal relations which unite the white and colored Methodist organizations of the South, and they could not be expected to do otherwise than resent such an effort by the unanimous action they have taken. If a reunion of the two great sections of the M. E. Church is ever to be effected, it can only be done through the Southerners in terms sufficiently definite and courteous, and free from any semblance of political purposes. The recent attempt was so awkward and the failure so bad and the feeling left behind in the South so very unpleasant that we do not cherish the expectation that the broken church will be rejoined for years to come.—*N. Y. Journal of Commerce.*

Feminine.

A lady writer in the Boston Post is severe upon female clerks, and remarks: "The rudeness and ill-breeding of a majority of girls behind the counter are becoming almost unbearable, and I am not surprised when I hear ladies say they prefer some store where they employ male clerks, nor employers when they tell me they prefer male clerks to female, because they please their customers better. Girls themselves are shutting avenues of labor to their sex by their manners toward those whom they serve, and all the work of reformers will do no good until the girls learn to work with them, and deserve what they demand."

AMERICAN GIRLS IN EUROPE—I do not wish to undervalue English beauty, which is most satisfactory and enduring, and most of which will wash. But I confess that American beauty, from New York to New Orleans, has spoiled my eyes for any other; and when I am just getting accustomed to the solid English matrons and maidens, like Mr. Hawthorne, and beginning to like them—along comes a group of my countrymen on their travels, and they spoil it all again. Those dear Yankee girls—I fear you do not half appreciate them at home. Here they admire and envy them—that is, the men admire and the women envy. Half a dozen American belles send a whole German town distracted. It is not only their beauty and grace, but their wit, spirit and happy audacity. The continental customs favor their triumphs. No girl over there dares to say her soul is her own—let alone her body. She never goes anywhere without a chaperone—she never converses with a gentleman except to answer a question; she is, of necessity, insipid to the last degree. An American girl, on the contrary, asserts her freedom, goes with every one she cares to talk with, says *du* to a German at the first introduction, and orders him about—just as she would do at home. He is overwhelmed, astounded, but all the more delighted. He tells his friends that the beautiful girl he waltzed with said *du* to him, and told him to bring her a glass of water, which sets them all crazy to be introduced to her, to hear her say *du* to them, and be made water-carriers likewise. Next day the whole town is talking about her and staring at her—the women are in a rage—but the result is the conviction that America must be a great country, increased immigration, and the consequent progress of civilization.

The Crops—Location of the Selma, Rome and Dalton Machine Shops—Public Meeting—The Hill-Blount Affair—The King Coal Mine Company.

Correspondence Atlanta Constitution.]

DALTON, GA., May 27, 1870.

Editors Constitution: In common with the rest of the State, we had been, for the last few weeks, suffering very much from the extreme dry and warm weather. Our oat crop was brought to the very verge of destruction, and all other vegetation was being severely injured; but this week we have been blessed with a most beautiful supply of rain, which has revived everything. Our prospects now for large yields of all kinds of cereals have not before been as fine since the war.

Dalton is considerably excited just now on the subject of the location of the machine shops of the Selma, Rome and Dalton Railroad Company. Notwithstanding the inclemency of the weather, there was a meeting of our citizens at the Court-house last evening, to consider the propriety of purchasing and donating to the road grounds here suitable for the erection of the shops. The meeting was largely attended, and two committees were appointed—one to confer with owners of lands adjacent to the road as to prices, etc., the other to wait on the proper authorities of the road and ascertain what their views are on the subject of the location of the shops at this point.

The Mayor (John P. Love, Esq.,) informed the meeting that, from all he had learned, Dalton stood a very fair chance of obtaining the shops, provided the citizens would move promptly and liberally in the matter.

The first regular train is expected to run through from Selma to Dalton next Monday.

UNIVERSAL LIFE INS. CO.

—NEW YORK—.

The Original Joint-Stock Life Ins. Co. of the United States.

The business of this Company is EXCLUSIVELY confined to the Insurance of first class healthy lives.

THE DISTINCTIVE FEATURE

of the *Stock* system of Life Insurance, as opposed to the *Mutual*, is a low rate of premium for a stated sum insured, which is IMMEDIATE, SECURED and CERTAIN; in lieu of a high rate of premium with a promised dividend, which is DISTANT, CONTINGENT and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the UNIVERSAL, the sum of $11,751, payable on his decease. This sum, paid to a company charging the ordinary mutual rates, would secure him the sum of $6,474—difference, *immediately secured*, in favor of the UNIVERSAL, $5,277.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent. in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent. greater, and likewise that a reduction of twenty-five per cent in the rate of premium is precisely equivalent to an *annual cash dividend of thirty-three and one-third per cent payable in advance*, or to a dividend of *forty-five per cent.* payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is immediately secured to the insured, the Company taking all the risk. By the Mutual plan the full value in insurance of the premium paid, is not secured to the policy-holder, who takes a portion of the risk himself.

THE PREMIUMS

charged by the Universal are as low as the actual experience of insured life in this country will justify, and on the ordinary Life and Ten-Year Non-forfeiture policies are nearly one-third lower than those charged by the majority of Mutual Companies.

Special attention is asked to our "*Return Premium Plan*," by which the amount of the policy is secured simply by the temporary deposit of the annual premiums, which are *returned* in full, together with the amount assured, to the holder of the policy when it shall become a claim upon the Company. Also to the

"REDUCTION OF PREMIUM PLAN,"

by which a reduction of *one-third* is made in the premium after the first annual payment, being, in fact, equivalent to a *dividend* of 33⅓ per cent. A clause is inserted in the policies issued by the "Universal," in which these results are *distinctly specified and guaranteed.*

WALTHAM WATCHES!

THE extensive use of these Watches for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

—More than 150,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch-making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Rogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success, and a great improvement on any stem winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where Watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks:

American Watch Co.,	Waltham.
Appleton, Tracy & Co.,	"
E. S. Bartlett,	"
William Ellery,	"
Home Watch Co.,	"

For sale at retail by all respectable dealers.

A descriptive circular giving much useful information sent to any address on application.

No watches retailed by the Company.

Address,

Robbins & Appleton,
GENERAL AGENTS,
182 Broadway, New York.

Ask to see the new Full-Plate Watch, bearing the trade mark "American Watch Co., Crescent st., Waltham Mass." It is by far the best Full-Plate Watch made in the United States, and surpasses anything heretofore made in this country for Railway Engineers, Conductors, &c.

"BAD BLOOD."

"The Life is the Blood."

FROM it we derive our strength, beauty, and mental capabilities. It is the centre of our being, around which revolves all that makes existence happy. When this source is corrupted the painful effects are visible in many shapes, prominent among which is

SCROFULA.

This is a taint or infection of the human organism, and probably no one is wholly free from it. It exibits itself in various shapes—as Ulcers and Sores, Decayed Bones, Diseased Scalp, Sore Eyes, Weak and Diseased Joints, St. Vitus' Dance, Foul Discharges from the Nostrils, Eruptions, Glandular Swellings, Throat Affections, Rheumatism, Heart Affections, Nervous Disorders, Soreness, Disorders of the Womb, Dropsy, Syphilitic Affeions, Liver Complaint, Salt Rheum, Dyspepsia, Neuralgia, Loss of Manhood and General Debility.

It has been the custom to treat these diseases with Mercury and other Mineral substances, which, though ometimes producing a cure, often prove injurious and entails misery in after life. The long known injurious properties of these so called alteratives and purifiers has led the philanthropical man of science to explore the arena of nature, the result of which has been the discovery of a vegetable product which possess the power of eradicating these Taints from the Blood.

DR. TUTT'S

COMPOUND EXTRACT OF

SARSAPARILLA AND QUEEN'S DELIGHT

WHERE is the greatest room for improvement? At the car-shed.

THE National Publishing Company in this city sold sixty-seven fine bibles yesterday.

JOSEPH WALKER, Esq., has been appointed census-taker for the county of DeKalb

A SAD SIGHT.—The car-shed. An elegant site—that occupied by the present car-shed, for a new one!

ALDERMAN MAHONEY is one of the most efficient Aldermen the city has ever had. He is a practical working member.

FINE WAREROOM.—Wm. Wood, on Broad street, has the finest and largest coffin wareroom in the city. Hearse and carriages always can be furnished.

FINE WHEAT.—We saw yesterday some stalks of wheat six feet high, grown on the plantation of Eli J. Huisey, in DeKalb county, eleven miles from this city. No fertilizer or manure was used.

RE-CAPTURED.—Peter Talliferro, (15th Amendment), who escaped from the chain gang, was re-captured yesterday by Constable Thompson and returned to his duty.

G. W. JACK'S ice cream saloon is one of the most popular resting places in the city. "Your very best" ice cream and strawberries can be obtained at this establishment.

FINE VEGETABLES.—Mr. Lambert, the gardener, has our thanks for some fine vegetables. He is prepared to deliver them to patrons at their houses in the morning right fresh from his garden.

THOMPSON, in addition to his elegant ice cream, has the finest wines in the city. He keeps those fine brands that connoisseurs in such matters love.

RELIGIOUS.—The Rev. Thomas M. Harris, pastor of the Christian Church, on Hunter street, will preach this morning, by request, on the subject of the resurrection of the body. All are invited to attend.

THE decoration of the graves of the Federal dead takes place at the National Cemetery at Marietta on to-morrow, the 30th inst. We acknowledge the reception of a complimentary ticket from the committee of arrangements.

JOHN KEELY.—One of the best established dry goods houses in the city is that of John Keely. His stock is large, and consists of every variety and style of goods that are kept in a first-class establishment

DRY GOODS.—Messrs. Prettzfelder & Sauer have now on hand a splendid assortment of dry goods of every description. Ladies out shopping will do well to call at No. 46 Whitehall street, and examine their stock. Polite and attentive clerks will always be at their service.

"GUILTY OR NOT GUILTY" is the title of a new book just issued from the publishing house of Carlton, New York. It is well printed, and handsomely bound in cloth—350 pages. For sale by Phillips & Crew, Central Book and Music Store, Atlanta, Georgia.

FIRST PRESBYTERIAN CHURCH.—A series of Religious services will commence in this church, this morning, and be continued through the week. Rev. Mr. Burkhead, of Athens, is expected to-morrow. Sacrament of the Lord's Supper next Sabbath. The public is invited to attend.

GETTING HIS HAND IN.—Colonel W. H. Hulsey yesterday attended the Justices' Court at Buckhead, in this county, and gained three cases, and then engaged in a shooting match and beat the crowd shooting—hitting the center at the first shot. How is that for high?

PRIZE CANDY.—Commissioner Delano has decided that dealers in Prize Candy are subject to the same internal revenue tax as Gift Enterprises, viz: $150 per annum. We learn that the Revenue officers here will enforce this decision after the first of June.

THE TALE OF A VALISE.—About two weeks ago, Mr. S. R. McCord, a member of the "typographic art," lost a valise filled with clothing and other articles. On yesterday, Lieut. Queen and policeman Hutchins succeeded in finding the valise and most of the contents, and restored them to Mr. McCord. Articles of female apparel were also found at the same time. Parties having lost articles of such description can obtain them by calling on Lieut. Queen at police headquarters.

A GOOD MOVE.—The City Council propose to increase the rate of taxation on the gross amount of sales of merchants from twenty-five to forty cents on the $1 00. This is really a reduction in the tax. The consumer having to pay the taxes, will economize and buy less; the merchants selling less will return less sales and consequently pay in less; their receipts being less, merchants will have to reduce rates of rent; landlords receiving but reduced rentals will have to depreciate the assessed value of their property and pay less tax on it. Ho, for cheap rent!

THE BULLOCK-ANGIER INVESTIGATION COMMITTEE.—Our reporter brought us at noon yesterday the journal of the clerk of the committee, stating that the committee refused to allow any of the proceedings unless the journal was published. We of course agreed to do so, when Messrs. J. R. W. Johnson and John L. Conley appeared and had the journal withdrawn. We would like to inquire if they belong to the committee? Will the four Democrats on that committee permit the truth to be stifled? Messrs committee, let the public have the facts! Who does the testimony hurt?

UNMAILABLE LETTERS.—The following letters are held in this office for postage, proper direction, etc.:

Miss Tamia White, Louisville, Ga.; Alexander Leighton, Stone Mountain, Ga. (2); S. M. Wigfall, Selma, Ala.; Bud Culberson, Atlanta, Ga.; C. H. May 28.

THE SCHUMAN BROTHERS have, at the solicitation of a number of teachers, consented to remain and exhibit their beautiful panorama again by a matinee on Monday afternoon commencing at 4 o'clock, and again at 8½ o'clock.

This is positively its last appearance in Atlanta, as it is advertised to appear in another city on the next evening.

It is pronounced by all who have seen it to be the most beautiful panorama ever exhibited.

Don't fail to see it at the afternoon or night exhibition, as you will not have another opportunity in the future.

On Monday afternoon and night they will admit adults at fifty cents and school children at twenty-five cents.

THE KING HOUSE.—We invite special attention to the advertisement of Colonel J. J. Morrison, proprietor of the KING HOUSE at Stone Mountain. Colonel M. will impart to the King House as much prestige and success at Judge King has to the Georgia Railroad. The King House is one of the best constructed, arranged and furnished houses in Georgia. Each room is thoroughly ventilated and supplied with water. The halls are twenty-two feet wide, and the apartment for married persons are separate and distinct, and distinct from that occupied by single persons. The arrangements in the kitchen are specially adapted for comfort convenience and cleanliness. The furniture, table ware and out-fit are the best to be obtained. The Bridal Chamber is fitted up in a style at once magnificent and impressive. The waiters are prompt, courteous and attentive. Sam Gallier, the Steward, is master of the situation. Connected with the house is a fine band of music, who discourse a "concord of sweet sounds" on the arrival of each train, and at night for the entertainment of guests. The King House has sixty rooms.

Stone Mountain is the summer resort of Georgia. The picturesque scenery, delightful atmosphere, pure water and healthy climate, render it attractive. Its accessibility by mail and rail adds to its great advantages. The index of visitors to Stone Mountain, already set in, will largely increase the revenues of the Georgia Railroad. To our friends in southwest Georgia and on the coast, we say you cannot do better this summer than to spend it at the King House at Stone Mountain.

FAST EXPRESS FREIGHT LINE.—Mr. VOLNEY DUNNING, the live and indefatigable Express man, informs us that the Southern, in conjunction with the Adams Express Company, has organized an Express freight line, and established depots and offices in New York, Philadelphia and Baltimore, from which point heavy freights will be forwarded daily by special Express freight trains for all the principal points in the Southern States. The want of such an intermediary line with much lower rates than are charged by the regular "passenger train Express," and yet affording considerable advantage, in time, over ordinary freight lines, has long been needed, and this new organization will, we doubt not, obtain a liberal patronage. The line is under the control of Captain M. J. O'Brien, the worthy Superintendent of the Southern Express Company, and will be fully prepared for the coming Fall business. Mr. D. will cheerfully give all necessary information concerning the new line.

Religious.

A San Francisco publisher has in press a work called "The Way to Glory and the Road to Destruction, as seen in a Dream."

The Memphis Baptist unhesitattingly pronounces it "anti-Christian and infidel" for women to aspire to rule in matters of Church and State.

The late Rev. Mr. Thomas, long a missionary in India, was one day, after addressing a crowd of the natives on the banks of the Ganges, accosted by a Brahmin as follows: "Sir, don't you say the devil tempts men to sin?" "Yes," answered Mr. Thomas. "Then," said the Brahmin, "certainly the fault is the devil's—the devil, therefore, and not the man ought to suffer punishment." While the countenances of many of the natives discovered their approbation of the Brahmin's inference, Mr. Thomas, observing a boat with several men on board descending the river, with that facility of instructive retort for which he was much distinguished, replied, "Brahmin, do you see yonder boat?" "Yes!" "Suppose I were to send some of my men to destroy every person on board, and bring me all that is valuable in the boat, who ought to suffer punishment? I for instructing them, or they for doing this wicked act?" "Why," answered the Brahmin with emotion, "you all ought to be put to death together." "Ah, Brahmin," replied Mr. T., "and if you and the devil sin together, the devil and you will be punished together."

☞ The female compositors employed by the American Tract Society, of New York, have petitioned for the same rate of pay as the men receive.

Sugar and Rice Crops in Louisiana.

The customary annual statement of the sugar and rice crops of Louisiana for 1869-70, just published, shows a gratifying increase in the production of these important staples. The rice crop is said to be larger than that of any previous season. The sugar-cane crop is also somewhat greater than that of the previous season, although the yield of sugar and molasses was much smaller in proportion to the area of land under cultivation in the canefields. The sugar yield for last year was 87,000 hhds. against 84,256 for the year previous; and the rice crop for the year 1869 was 100,748 barrels of 200 pounds each. This shows a gradual improvement in the labor market, and indicates that, under favorable circumstances, Louisiana will soon regain the prosperity she enjoyed before the war.

KOSKOO.—This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for impurity of the blood, liver disease, etc.

The last Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, city of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskoo" in the van of all other medicines of the present day.

ARGYLE BITTERS.

THE superiority of the above named article over any other Bitters is now admited in every instance where a comparison has been made. The Proprietors most respectfully informs the public that the high reputation they have so justly acquired has been on their intrinsic merits alone. The ingredients used, in point of purity, excellence and medicinal qualities can not be surpassed, imparting a richness and delicacy of flavor heretofore attempted by any combination of medicines having any claim for the relief of the following complaints, for which the

ARGYLE BITTERS

are especially recommended, viz:

Dyspepsia, Indigestion,
Diseases of the Stomach,
Nervousness, Jaundice,
Billious Complaints,
Costiveness, Cramps,
Flatulency, Griping Pains,
Heartburn, Liver Complaint,
Loss of Appetite,
Lowness of Spirits or Melancholy,
Pains in the Side or Back,
Sick and Nervous Headache,
Etc., Etc.

All the virtues of the true CALISAYA BARK are to be found in the ARGYLE BITTERS, making them the best Appetizer and gentle Tonic in all cases of General Debility and Derangement of the Stomach and Digestive Organs, that it is possible to produce.

Being mild in effect and pleasant to the taste, they are especially recommended to delicate females as a gentle soothing and invigorating tonic.

The following important Certificate from Dr. I. L. Crawcour, an eminent Chemist and Physician of this city, speaks so favorably of the Argyle Bitters, we deem it superfluous to add anything further:

261 CAMP STREET, NEW ORLEANS, September 1, 1869.

Messrs. Wheelock, Finlay & Co.:

GENTLEMEN—I have carefully examined your Argyle Bitters, and from my knowledge of their ingredients can safely recommend them as a good and reliable tonic and especially as a corrective of that morbid desire which so frequently affects those addicted to the use of ardent spirits. The chief ingredients being the best Calisaya Bark, renders them peculiarly fitted for the use of those residing in malarious districts, as they will not only act as a preventive against intermittent disease, but in a large number of cases may cure it when it has made its appearance.

CARDWELL'S

Improved Thresher and Cleaner

WE take great pleasure in offering to our friends the above named Thresher and Cleaner, which has been greatly improved during the past year, and which for simplicity of construction, rapid threshing and freedom from the usual derangements of this class of Machinery, is without a rival. It will do more work with less power and fewer hands to attend it than any other Thresher and Cleaner in use. We have made some important improvements in this Machine for the coming season, and can now confidently recommend it as the best and simplest Thresher and Cleaner in the country.

All farmers will appreciate the convenience of having a Thresher that can be hauled into a wheat field on its own wheels and put to work at once, without trouble or inconvenience, and that will thresh, clean and bag the wheat at one operation, and do it thoroughly, wasting no grain, and cleaning as well as it is usual for such Machines to do.

We have taken the Premium at every Fair where exhibited, including the Virginia State Fair at Richmond, and the Fairs at Lynchburg, Wythoville, etc., where it came in competition with the Geiser, Pitts, and many others. On account of the great demand for these Machines we have only been able to make one size, being a 28 inch Drum with 34 inch Straw Carrier, the wide Straw Carrier insuring the perfect separation of all grain from the straw. Its capacity is 300 bushels per day. Power required, 4 strong horses or 6 mules.

Price without Horse Power, $250.
Price with Double Gear or Carey Power, $400.

VIOLETS.

BY CHARLES W. HUBNER.

Visible spirits of light and hope!
Beautiful gifts of the sky!
Bless'd be the Elfin whose music broke
The sleep of your azure eye,
When first the sighing southwind woke,
And Spring was nigh.

Morning star heralds of dawning Spring!
Sprites of the young year's dream!
Not in the garrulous city's din,
Its rush and thunder of steam,
Your odors scent the zephyr's wing,
Your beauties beam.

In the deep hush of the woodland glens,
On the bright brink of the rills,
Circling with azure and golden chains
The breast of the royal hills;
Tis there so you our spirit bends,
Sweet miracles!

Hidden, like pearls in ocean caves,
Softly your beauties expand,
Till the freed Fairy of springtime waves
Above you her silver wand,
And the glory-streams from your riven graves
Flood all the land!

A DREAM OF THE SOUTH WIND IN JUNE.

BY PAUL H. HAYNE.

O! fresh, how fresh and fair
Thro' the crystal gulfs of air,
The fairy Southwind floateth on her subtle wings of balm,
And the green earth lapped in bliss
To the magic of her kiss,
Seems yearning upward fondly thro' the golden-crested calm:

From the distant tropic strand
Where the billows bright and bland
Go creeping, curling 'round the palms in the hush of summer's noon,
From its fields of purpling flowers
Still wet with fragrant flowers,
The happy Southwind lingering sweeps the royal blooms of June.

All heavenly fancies rise
On the perfume of her sighs,
That steep the inmost spirit in a languor rare and fine,
And a peace more pure than sleep's,
Unto dim, half-conscious deeps,
Transports me lulled and dreaming, on its twilight tides divine.

These dreams! ah me! the splendor
So mystical and tender,
Wherewith like soft heat-lightnings they gird their meaning round,
And those waters, calling, calling,
With a nameless charm enthralling,
Like the ghost of music melting on a rainbow-spray of sound!

Touch, touch me not, nor wake me!
Lest grosser thoughts o'ertake me,
From earth receding faintly with her weary din and jars;
What viewless arms caress me,
What Eden voices bless me,
With welcomes dropping dew-like from the weird and wondrous stars.

Alas! dim, dim, and dimmer
Grows the preternatural glimmer
Of that trance the Southwind brought me on her subtle wings of balm,
For behold! its spirit flieth,
And its fairy murmur dieth,
And the silence closing 'round me is a dull, and soulless calm.

City and Suburban Affairs.

SUDDEN DEATH.—We regret to learn of the sudden death, yesterday, of Thomas Barnes, at Lithonia, in a fit. Mr. Barnes was 70 years of age, an upright and worthy citizen.

ATLANTA is bare of spring chickens, or any other kind at present. A handful of feathers sell readily for fifty cents.

THANKS.—The ladies who had charge of the late "Carnival and Supper," in behalf of the Memorial Association, are happy to be able to report the net proceeds about six hundred dollars.

For so gratifying a result, their thanks are due, and are tendered to the people of Atlanta for their generous support, and also to the following parties for special favors: To the Rink Association for the Carnival; Mr. Robert G. Thompson, for use of restaurant, and for personal services; Mr. St. Clair, for assistance in the carnival; also, Parsons, Born & Co., for ice; to the young men connected with the Rink; Mr. Farrar, Armstrong & Co., of Louisville, Kentucky, for Magnolia hams; William Mackie, painter; W. T. Archer, for furniture; Clark's City Band, for music; Dr. Thurman, for strawberries; Little Buddie Hill, for over eight dollars from sale of boquets; and to the press of the city for their liberal efforts to contribute to our success.

A FALSE ALARM.

Ludicrous Scene Caused by an Innocent Somnambulist.

[From a Don Platt Letter in the Cincinnati Commercial.]

About midnight, when we were either lost in sleep or dropping away, a fearful scream, that made the blood curdle, broke upon our startled ears. This wild yell came from a female throat, and was followed by cries of "Oh! stop him." "Hold him." "Don't let him go," and the wildest confusion ensued. All the men sprang to their feet, and all the women screamed. Running along the passage-way, I found a woman clinging to a male specimen of humanity, and begging him to go to bed, and learned through a great deal of incoherent exclamation that the man was a sleep-walker.

"Oh, James, do come back to bed; do waken up—please do!" she cried piteously.

"Why, I am awake, you fool," snorted the husband.

"No, you're not. That is the way he always answers, and he'll go out and get killed under the cars. Won't somebody stop the train!"

"Come, come, my good fellow, waken up, waken up," roared a stout man, shaking the supposed sleep-walker so violently by the shoulder that he must have had a free admission to the fire-works. In this he must have been assisted by our Kentucky friend, who appeared in a fearful suit of red flannel. This was too much for the afflicted man, charged with the crime of somnambulation. He went to fighting—shaking the stout man off with such force that corpulence went down in a sitting position, and, hitting Red Flannel in the stomach, Blazes disappeared from sight through the curtains of a section from whence other female screams went up, and unmistakable evidences of a general engagement.

The sleep-walker, after whipping all within reach, explained that he had got up with no intention to walk in his sleep, but to get a drink of water. But, being given to somnambulism, his wife had taken the alarm; and with this information he retired to his couch in a very sulky manner. Our Kentucky friend came tumbling from the section he had invaded, with his face scratched, his red flannel shirt torn, and giving evidence of having suffered from an encounter. He told me next day that when he raided in on that bed, he rolled over a fat woman into the arms of a thin one, who went at him tooth and nail, to the great damage of his underclothes and countenance.

KOSKOO!

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of country

AS A GREAT AND GOOD MEDICINE

And the Large Numbers of Testimonials

which are constantly being received from Physicians, and persons who have BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

AS A BLOOD PURIFIER,

IT HAS NO EQUAL,

BEING POSITIVELY

The Most Powerful Vegetable Alterative Yet Discovered.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues loose their tone and elasticity, and the tongue becomes pale, bread, and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO,

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEABILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes, headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a rising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the side, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, etc.

KOSKOO!

Is a remedy of *Wonderful Efficacy* in the *cure* of diseases of the Kidneys and Bladder. In these Affections it is as near a specific as any remedy can be. It does its work kindly, silently, and surely. The Relief which it affords is both certain and perceptible.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys can not estimate the *importance* of their *healing action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood these effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

DISEASES OF THE NERVOUS SYSTEM,

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work (mental and physical), are causing diseases of the nervous system to increase at a fearful rate.

The symptoms to which diseases of the nervous system give rise, may be stated as follows:

A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dullness of Hearing; Twitching of the Face and Arms, etc., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, etc., etc.
